Its population is 59 million, mainly of the Roman Catholic form of Christianity where Baptist churches are few in number or influence. There are yet many hundreds of towns and cities where there is a crying need for the first evangelical church to be established. France is one of the oldest and historically important nations of Europe. It is a major player on the world's stage. It is one of the world's major industrial and largest exporters. France plays a vital role in the European Union today.

**Knickerbocker Labors:**

Assistant pastor for 3 years of the Toulouse Central Baptist church.  
Pastor of the Toulouse church from 1979-1998.  
During those years, the church became self-supporting.  
Started a camp ministry, as well as a Christian school.  
In 1998, now involved in an itinerant ministry for evangelism and Bible conference to the French speaking world. They continue to manage and upkeep [Camp Rainbow](#), organizing 6 weeks of camp each summer. They are also open to receiving American young people at camp as summer personnel, to discover the French language and the opportunities of the mission field. They also enjoy translation and proofreading of literature, as well as translating and recording hymns and songs for the French field.
